SUMMARY

Motivated Junior Software Developer with hands-on experience in designing and developing scalable full-stack web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js). Strong understanding of JavaScript (ES6+), REST API development, JWT authentication, and responsive UI design using Tailwind CSS. Skilled in building production-ready applications, implementing efficient backend logic, and creating clean, user-friendly interfaces. Familiar with agile development practices, version control, and modern web development standards, with a focus on writing maintainable code and continuously improving technical skills.

EXPERIENCE

❖ Junior Software Developer, Cloud Forest Innovations

Developed full-stack web applications using MERN stack (MongoDB, Express.js, React.js, Node.js). Built React.js UIs and React Native (TypeScript) mobile features. Designed and implemented REST APIs and backend services. Worked with MongoDB (schema design, CRUD, query optimization). Implemented JWT authentication & role-based access control. Integrated real-time features (maps, live tracking, notifications). Followed Agile methodology, Git workflows, and clean code practices.

❖ MERN Stack Intern, Luminar Technolab

Developed responsive UI using React.js and Tailwind CSS. Built backend APIs using Node.js & Express.js. Performed CRUD operations with MongoDB. Worked on Book Club & Sports Community applications. Gained experience in API integration, authentication, and component architecture.

PROJECTS

CALLDRIVER – Driver Booking Mobile Application

- Developed a **React Native mobile application (TypeScript)** to connect users with on-demand drivers for their personal vehicles.
- Implemented **real-time location tracking using maps integration** for accurate driver-user coordination.
- Built **live notification system** for booking updates and driver status.
- Designed scalable architecture with focus on **performance, usability, and real-time data handling**.
- Key Features: Driver discovery, live tracking, booking management, notifications.

BOOK CLUB WEB APPLICATION

- Developed a **book marketplace platform** with features to browse, buy, and sell books.
- Built using **React.js, Tailwind CSS, Node.js, Express.js, and MongoDB**.
- Implemented **CRUD operations, authentication, and API integration**.
- Designed **responsive UI/UX for seamless user experience**.

SPLENDID – Catering Management Web Application

- Developed a **single-user web application** to manage catering operations efficiently.

- Implemented modules for **dish listing, recipe management, and ingredient calculation.**
- Automated **cost estimation and purchase planning** for better resource management.
- Focused on improving **workflow efficiency and data organization.**

MUDDIE – Local Car Wash Booking Platform

- Built a localized web application for **booking car wash services based on vehicle type.**
- Implemented **service categorization and dynamic pricing.**
- Designed user-friendly interface for **quick booking and service selection.**
- Improved local service accessibility through **simple and efficient UI.**

SCHOOL MANAGEMENT WEB APPLICATION

- Developed a centralized system to manage **school operations for admins, teachers, students, and parents.**
- Implemented modules for **attendance, communication, activity tracking, and academic management.**
- Enabled real-time updates and streamlined workflows across all users.
- Focused on **data organization, role-based access, and usability.**

EDUCATION

❖ University of Kerala	2019 — 2022
Bachelor of Science (B.Sc), Botany	Thiruvananthapuram
CGPA : 8.01 / 10 Relevant Coursework: Computer Fundamentals, Data Interpretation, Environmental Studies, Statistical Analysis.	
❖ G.H.S.S	2017 — 2019
Higher Secondary Education,	Cherunniyoor
Percentage : 82 %	
❖ G.H.S.S	2016 — 2017
Secondary School Leaving Certificate (SSLC),	Cherunniyoor
Percentage : 94%	

SKILLS

HTML5	CSS3
JavaScript (ES6+)	React.js
Git & GitHub	Bootstrap
MongoDB	Node.js
Express.js	

CERTIFICATIONS AND LICENSES

ME(A)RN Stack Web Development Expert - 2025, Introduction to Artificial Intelligence - Coursera, Certification in Data Entry and Console Operation - 2022
